PREDGOVOR

FOREWORD

Jednakopravnost spolova znači jednaku prisutnost žena i muškaraca u svim područjima javnog i privatnog života, jednak status, jednake mogućnosti za ostvarivanje svojih prava, kao i jednaku korist od ostvarenih rezultata.

Zakon o jednakopravnosti spolova u Bosni i Hercegovini donesen je 2003. godine. Zakon uređuje, promovira i štiti jednakopravnost spolova i garantira jednake mogućnosti svim građanima, kako u javnoj, tako i u privatnoj sferi društva, te sprečava izravnu i neizravnu diskriminaciju zasnovanu na spolu.

U članku 18. ovog zakona stoji da svi statistički podaci i informacije koji se prikupljaju, evidentiraju i obrađuju u državnim tijelima na svim razinama, javnim službama i ustanovama, državnim i privatnim poduzećima i ostalim subjektima moraju biti iskazani po spolu.

Statistički podaci koje Agencija za statistiku Bosne i Hercegovine objavljuje u ovoj publikaciji predstavljaju izbor podataka iz postojeće dokumentacije i daju kratak prikaz položaja žena i muškaraca u našem društvu.

Publikacija se sastoji od tablica i dijagrama bez tekstualne analize podataka i može poslužiti kao izvor informacija svim korisnicima zainteresiranim za položaj žena i muškaraca i za jednakost spolova u Bosni i Hercegovini.

Agencija za statistiku BiH po treći put, u kontinuitetu, objavljuje podatke po spolu kojima raspolaže. S ciljem poboljšanja narednih izdanja, sve primjedbe i sugestije su dobrodošle.

Gender equality means equal presence of women and men in all spheres of public and private life, giving them equal status and equal opportunities to exercise all their rights and to acquire equal benefit from the results achieved.

Gender Equality Act was adopted in 2003 in Bosnia and Herzegovina. It regulates, promotes and protects gender equality and defines equal opportunities to all the citizens in all spheres of public as well as private life and prevents direct and indirect discrimination based on sex.

Article 18 of this Act says that all statistical data and information collected, recorded and processed by state authorities at all levels, public administration bodies and institutions, state and private agencies and other entities shall be classified by sex.

Statistical data reported by the BiH Agency for Statistics in this publication represents a selection of data taken from the available documents, providing a brief overview of position of men and women in the society.

The publication presents tables and graphs without any additional data analyses and could serve as a source of information to all users interested in position of men and women as well as, in gender equality in Bosnia and Herzegovina.

The BiH Agency for Statistics continues for the third time to publish data available by sex. All comments and suggestions contributing to better quality of future publications are very much welcomed.
