Statistical data on aircraft movements, the number of passengers, and the freight and mail transported at airports in BiH are taken from the Directorate of Civil Aviation of BiH. The Directorate processed the supplied statistical data in accordance with the International Civil Aviation Organization (ICAO) statistical program and standards.

All data on the number of passengers, freight, and mail pertain to international air transport, as BiH does not have domestic air transport.

Aircraft

Any machine that can derive support in the atmosphere from the reactions of the air other than the reactions of air against the earth's surface

Aircraft movement

An aircraft take-off or landing at an airport. For airport traffic purposes one arrival and one departure is counted as two movements. Included are all commercial aircraft movements and non-commercial general aviation operations. Excluded are State flights, touch and go, overshoots and unsuccessful approaches.

Air transport

Any movement of goods and/or passengers on an aircraft movement.

Commercial air transport

Any movement of goods and/or passengers on a commercial aircraft movement.

National air transport

Air transport on a domestic flight

International air transport

On flight origin and destination (OFOD)

Traffic on a commercial air service identified by a unique flight number subdivided by airport pairs in accordance with point of embarkation and point of disembarkation on that flight.

Air passengers carried

All passengers on a particular flight (with one flight number) counted once only and not repeatedly on each individual stage of that flight.

All revenue and non-revenue passengers whose journey begins or terminates at the reporting airport and transfer passengers joining or leaving the flight at the reporting airport. Excludes direct transit passengers.
